To Whom it may Concern:

I Virginia Cline work as
a CNA at Fercliff Nursing home in Rhinebell
and a Shift supervisor At CVS Pharmacy in
Hyde Park.

I have known AS (Aaron) since he was
in his early Twentys Cause I was dating
his Brother Steve who became my Partner.
For over 10 years AS is like a brother in law
to me. I remember when I Crash my
Car and my sister gave me one which
Need fixing, Steve and AS came out in
Zero degree weather to get it running
for me. AS Was Always fun and Caring
to be around. He use to come to Steve
and I Apartment and have movie Night.
with us or stop by to keep his brother
Steve company when I was working.
They were Very Close and when Steve
passed away AS was the strong one
who held it together. I was a reek
I Lost my ~~stat~~ sole Mate and rely

On him to help me out. He was there all the way for me and still is which I consider a great Person.

I still rely on AS when I need help with computer fixing, question on them, car question. For instant he told me I should never pump beyond the pump station saying for cause not good for gas take and never let go ~~below~~ to empty not good for fuel pump.

When his mom and dad got ill and ~~had~~ had a hard time managing their place. AS ^{worked} ~~worked~~ hard and found ~~and~~ bought them a place to live in to make their lives easier.

He then took the place ~~and~~ fixed up nice, made it handicapped accessible for his Dad and mom to get around. AS. Parents rely on him for almost everything like Doctor Appointments, getting medication, house repair, and just paper work they don't understand. I don't know what they would do without him. His Mom and Dad are unable to drive so he does all ~~at~~ errands for them.

As just recently had a baby Name

■ I have been able to see them together and He is so great with him. Having Children of my own I know the feeling you get and how much your Children need you, so being ■ only about 3 months old he needs his mom and Dad around. This is the age they just getting to know and bond with you. As help his wife out a lot with the baby, I was over his dad house and ■ was busy so he went and picked him up and started rocking him. I was so great to see.

To sum up this letter I personally don't know what I would do not having him around to call when I need something or just to talk. As a Great Brother in law, or friend.

Sincerely
Virginia Cline
